Dear Malek,

Many thanks to you and Malek Jandali on a job well done! Without your expertise my acquisition of Buckhead Custom Frames would never have closed. Malek patiently worked with me until he found just the right fit - the right business for me. He reviewed my business plan and assisted in gathering all of the necessary information. I have bought and sold several businesses over the past ten years and have never been better served by a business broker. VR, you are true professionals!

Gratefully yours,

Sue Wilcox
