Dear Malek,

Thank you so much for working with me in finding a moving company in Atlanta. Your work ethic and professionalism are unmatched! You always had sight of the big picture and kept all of us focused on what promises to be a bright future. Please thank the rest of your staff as well. My experience working with you was a wonderful one as you seemed as concerned with me, as well as your clients. Again, thank you and may all of 2006 be as productive as the first working day was! My best and highest regards to you.

Respectfully,

Connie Jones
