Dear Mr. Jandali,

I wanted to thank you for all you've done for us in helping us sell our business after more than 20 years in business. From the very first time we met you, all the way through until we closed on the business. You consistently showed us a very effective and timely manner. But most of all, what has been the most comforting to us, has been your genuine honesty and down to earth "way about you." We feel this is probably what sets you & VR apart from other business brokers. We've seen the integrity not only in you, but also in the others that work at your VR Atlanta office.

Respectfully,

George H. Griffith
