Dear Mr. Jandali,

Well, it finally happened! I wanted to drop you a note to thank you for all your help and guidance during this journey that started three months ago.

I couldn't have made it without your help. I feel that we had chosen the best opportunity for both my company and me. I am excited to continue to work with the new owner, particularly the way the deal was structured.

In addition to your guidance along the way, I felt that we developed a very good friendship; one that I hope continues over the years. I respect you and VR Business Brokers and value your judgment and insight.

I have referred both buyers and sellers to Malek and will continue to do so. He certainly does stand out in his calling. If I had a business to sell or wanted to acquire one, I would seek to get him under contract early on.

The process that VR follows is thorough and produces results. You have done a great job under very difficult negotiating conditions. Once again, I would like to thank you and your staff for everything you have done.

Best regards,

George Killick, CEO
