

To whom it may concern:

It is my recommendation to anyone who is considering selling their business use VR Business Brokers. VR was fast, professional and helpful during our sale.

VR's representatives Yasmine Jandali help me to price my business so I could get a quick sale without under selling. VR listed my business on the first of February and we closed on February 24. And I got the price I was asking. VR help in all aspects of the sale including legal representation during the sale.

In conclusion VR and their representative Yasmine Jandali were fast, professional, courteous, extreme knowledgeable and helpful. I give them my personal and professional recommendation.

Sincerely,

Garry M. Kiekens
