We would like to thank all the fine people at VR Business Brokers for the excellent job in putting together a very satisfactory purchase. We are very excited about becoming the owners of Sunrise Lawn & Landscape. This was the first time we have purchased a business and the time, effort and data provided made the purchase happen with relative ease - to the satisfaction of both parties. Your firm's expertise was also most helpful in bringing the buyer and seller to mutually agreeable terms. Even though the seller had contracted for your services, we were treated with equal consideration at all times. You acted as much as our representative as the seller's. We will certainly recommend your firm and we hope we will have the opportunity to work together again.

Best regards,
