I would like to thank you for helping us attain our goal as small business owners. Your contribution to the process was invaluable. After many months of searching across Metro Atlanta for a suitable business, we found only a few that met our needs. Then, after working with several business brokers, we quickly narrowed our search to VR Atlanta due to the services you provided and the outstanding reputation you have.

We found you to be the most professional, knowledgeable, and personable. Although other businesses were suitable, our relationship with the broker played a major role in our decision to pursue the franchise we bought. We appreciate all you've done to make the transition to Small Business and a Franchise Owner possible.

Thanks again to you and your staff.

Sincerely,

Mathew Arrington
